FOR IMMEDIATE RELEASE

**Exclusive Healthcare Placement Meets Health Care Staffing
Needs for Employers and Employees**

Medical Management and Rehabilitation Services launches national placement firm

Baltimore, MD/PRWeb/ January 21, 2014—Medical Management and Rehabilitation Services (MMARS), one of the most experienced care management organizations in the United States, announces the launch of Exclusive Healthcare Placement, Inc., a premier staffing agency specializing in healthcare placement across the United States.

As staffing in the healthcare industry becomes more complex, facilities, hospitals and other organizations have an increasing need for qualified staff. Exclusive Healthcare Placement (EHP) provides a solution for employers while meeting the needs of employees.

“EHP was founded based on the critical need for qualified staff within the field of population health management as well as in the broader healthcare fields,” says Carolyn Miller, RN, BSN, CCM, president, Exclusive Healthcare Placement. “We look forward to providing full-service healthcare placement for a variety of positions, ranging from nurses and case managers to doctors and specialists—while keeping the culture of the organization in mind.” Nurse-owned and managed, EHP is dedicated to serving only placements within the healthcare industry.

The MMARS leadership believes there is an immediate need for this service and plans to leverage their years of experience in the case management and population health management sectors to place qualified candidates with an ultimate goal of improving patient care across the continuum. In addition to facility staffing, EHP will also service the care management and population health management sectors.

Led by Pat Bavaro, vice president of business development, and Tina Medaglia, vice president of recruitment and operations, the EHP team boasts more than 50 years of combined experience in healthcare and staffing. “We go above and beyond the usual placement process, utilizing cutting edge techniques to help identify the candidate that will best fit your organization's specific vision and culture,” notes Bavaro.

###

About Medical Management and Rehabilitation Services (www.mmars.com):

Medical Management and Rehabilitation Services (MMARS) provides comprehensive care management and disease management services across the age spectrum for a variety of insurance providers and government agencies. Founded in 1993, MMARS is committed to providing customized, cost-effective and comprehensive healthcare management services. MMARS provides independent care management and coordination services to both the public and private sectors. Our services cover the entire spectrum of care management services, from utilization review to complex case management.

About Exclusive Healthcare Placement, Inc. (www.ehealthplacement.com):

Exclusive Healthcare Placement understands the needs specific to the healthcare industry. There is no need to struggle with generalized placement agencies that treat healthcare like any other form of placement. EHP provides supreme customer service and high standards that produce quality results.

Nurse owned and managed, created and dedicated to serving only the healthcare industry, Exclusive Healthcare Placement is the first choice when searching for the right fit for your organization. We offer a wide variety of healthcare professionals to meet your needs. We understand that it is a team that makes an organization successful and we are here to ensure that team is made up of the right people.

The Exclusive Healthcare Placement team goes above and beyond the usual staffing process, utilizing cutting edge techniques to help identify the candidate that will best fit your organization's specific vision and culture.
